

VALIANT AIR COMMAND, INC.

SPACE COAST Warbird Airshow 2019

Fuel Policy

1. ALL PILOTS MUST MAKE THEIR OWN INDIVIDUAL ARRANGEMENTS WITH THE LOCAL FBO FOR THEIR FUEL AND FUEL PAYMENT. The most common and preferred method is to register with the FBO upon arrival. The Space Coast Jet Center is the FBO located next to the Pilot's Tent and will service our parking ramp. (321) 267-8355. They will have a fuel person in the Pilot's Tent. Fuel Trucks will not fuel aircraft that have not been registered with the FBO. The VAC WILL NOT PAY individual fuel accounts at the FBO. Engine and Smoke oil for the AirShow will be furnished by the VAC; see Terry Neighbors in the Pilot's Tent or on the ramp in the Oil Truck.
2. As in previous years it is our intent to replace or reimburse (VAC Option) VAC Members for fuel used for up to 1-hour flight in/out of the AirShow from the member's home base or point of departure, whatever is the shorter distance; and 30 minutes of fuel used each flight during the AirShow based on our aircraft fuel flow chart. This year you will be issued a reimbursement form at registration listing your authorizations and options. You must present this claim form on Sunday at the Pilot's Tent for any payment. Only VAC ACTIVE MEMBER Pilots who participate in the air show will receive a reimbursement. Those performers who are under written contract will be paid accordingly.
3. It will be each pilot's responsibility to be at the Pilots Tent on Sunday in order to receive a check from the VAC Commander.

Bob Boswell

AirShow Director
